31 October 1939.

Dear Dr. Starke.

I enclose a cheque for £20 which I believe is the amount still owing to you in respect of all your work on "For Democracy". There have been some quite appreciative reviews but we still await the reactions of many of the *Caroline* papers. It is, of course, the last set of manifestos the Group could have issued and we are indeed grateful to you for having made it possible and so impressive.

With my kindest regards and those of my

wife ——— and small daughter, Catherine.

Yours very sincerely (Roper Power)
